

Mexican Wolf Blue Range Reintroduction Project Telemetry Flight Locations for the Week of June 11, 2007

Please note that wolves are currently in their denning and rendezvous season. Standard Operating Procedure 26.0: Location Dissemination Guidelines directs that “during denning and rendezvous season (April 15 - July 30), the Interagency Field Team also discusses wolf locations with specific permittees and landowners, as necessary, in addition to providing more general locations through weekly postings at <http://azgfd.gov/wolf>.”
